

CENTER FOR APPLIED FORENSICS

JACKSONVILLE STATE UNIVERSITY

“AUTO THEFT/FRAUD TRAINING”

4 CEU's

The Auto Theft/Fraud course will allow law enforcement personnel to attain a basic understanding of the Vehicle Identification Number (VIN) and how to interpret each character of a Vehicle's VIN. This will aid officers in identifying fraudulently altered and stolen vehicles.

Class size will be limited to 50 personnel.

Training will be presented by:

Jeff Gulsby, Special Agent
