

Alessandra Jerolleman, PhD, MPA, CFM

Education

Loyola University New Orleans College of Law, New Orleans, Louisiana

Juris Doctor Candidate, May 2023

Certificates in Environmental Law and Social Justice

University of New Orleans, New Orleans, Louisiana

PhD in Urban Studies, May 2013

“The Privatization of Hazard Mitigation: A Case Study of the Creation and Implementation of a Federal Program”

Masters of Public Administration with a Hazard Certificate and a concentration in Nonprofit Leadership, December 2006

Tulane University, New Orleans, Louisiana

Bachelor of Arts in English and Spanish, May 2003

Experience

2015 – Present

Jacksonville State University

Director, Doctorate of Emergency Management (2022 – Present)

Associate Professor – Emergency Management (2020-Present)

Assistant Professor – Emergency Management (2018-2020)

Distinguished Affiliate Professor – Emergency Management (2015-2018)

- Direct and administer the doctoral program in Emergency Management
- Advise all doctoral students
- Teach and develop courses in Resilience and Vulnerability, Leadership, Emergency Management Policy, Program Evaluation, Qualitative Methods and Interdisciplinary Emergency Management.
- Teach the Master’s level Capstone and Leadership classes
- Serve on Doctoral Committees
- Serve on the Comprehensive Exam Review Committee
- Conduct applied research

September. 2016 – Present

Federal Emergency Management Agency - Reservist

- 2022 – Equity Advisor to Montana DR-4655 Flood Recovery
Developed an Equity Concept of Operations and an Equity Impact Assessment Tool

- 2022 – Supported IRC listening sessions for equity and assisted with the creation of guidance documents
- 2021 - Equity Advisor to Oregon DR-4562 Wildfire Recovery
- 2021 – supported Headquarters in a review of position descriptions and task books for the Cadre
- 2020-2021 – supported the COVID-19 Recovery Task Force in Region III as the Economic Recovery Lead
Co-developed: U.S. Federal Emergency Management Agency. (2020). *COVID-19's Impact on the Human and Social Services Sector*. Washington, D.C.: FEMA.
- 2017-2019 supported the Louisiana Resilient Recovery Watershed Initiative:
Developed technical assistance documents for key watershed partners
Conducted research into national best practices for watershed management
Relationship-building in Louisiana's philanthropic sector and with state and federal agencies
- 2016-2017 served as Philanthropic Advisor to the Federal Disaster Recovery Coordinator
In partnership with various Louisiana foundations and other FEMA staff, created key organizational documents and underlying principles for the Louisiana Disaster Recovery Alliance and its committees. Provided targeted research on government & philanthropic grant opportunities to support community recovery across Louisiana .
Provided information on disaster impacts and delivery of government assistance to philanthropic partners in order to leverage impacts and ensure that gaps were addressed

2015 – Present

Lowlander Center

Analyst and Facilitator

- Design and implement various training and outreach workshops for communities, small businesses, and local government.
- Project Management team member for the Lowlander Center HUD NDRC Application
- Emergency Planning and Grant Writing for the First Peoples' Conservation Council of Louisiana.
- Lead research into small business resiliency
- Facilitate meetings about population migration

2007 – Present

Alessandra Jerolleman, LLC

Owner

- Instruct at the Center for Domestic Preparedness
- Design and implement various training workshops for communities, states, private firms, and others.

- United Nations Development Programme, Consultant for Disaster Recovery Planning and Coordination
- Provide technical assistance to local and regional firms to strengthen hazard mitigation planning, stakeholder engagement, and project identification.
- Conduct research for clients such as the Louisiana Endowment for the Humanities and the New Orleans Jazz and Heritage Foundation
- Subject Matter Expert in hazard mitigation planning, emergency operations planning, disaster resistant university planning, risk assessment, training, stakeholder mapping, peer networking, disaster resilience, energy assurance and more.

2015 – Present

Tulane University

Senior Fellow – Disaster Risk Leadership Academy (2020 – Present)

Adjunct Instructor – Emergency Management and Homeland Security (2015-2019)

- Teach courses in Homeland Security, Hazard Mitigation, and Terrorism.
- Teach Disaster Operations

Fall 2022 – Spring 2023

Loyola Law School Youth Justice Clinic

Student Attorney

Served as lead counsel on assigned cases in delinquency and special education law.

Summer 2022

Sea Grant Legal, Baton Rouge, Louisiana

Legal Intern

Researched and investigated wind pool statutes, regulations, and case law across the Gulf Coast. Drafted a memo regarding findings.

January 2015 – 2021

Louisiana WaterWorks, L3C; Imagine Water Works

Advisor (2019- 2021)

Vice President (2015-2018)

- Design and implement various training and outreach workshops for communities, small businesses, and local government.
- Authored City of New Orleans Main Streets Resiliency Hardening Guide
- Grants management and programmatic assistance to various jurisdictions.
- Project Management team member for the Lowlander Center HUD NDRC Application
- Update the Rapides Comprehensive Resilience Plan

- Provided support to the 2016 update of the City of New Orleans Hazard Mitigation Plan and the Pennsylvania Pre-Disaster Recovery Plan.
- Subject Matter Expert in hazard mitigation planning, emergency operations planning, disaster resistant university planning, risk assessment, training, stakeholder mapping, peer networking, disaster resilience, energy assurance and more.

Summer 2020

Green Justice, New Orleans, Louisiana

Extern

Researched and investigated statutes, regulations, and case law relevant to shellfish harvesting in Louisiana waters. In particular, researched limitations on subsistence take and whether any unique permissions might exist for tribal users. Reviewed programs in other states as well as relevant scientific literature related to water quality, oyster quality, and public health. Drafted and edited memoranda for community and tribal partners summarizing findings related to oyster harvesting regulations and water quality regulations. Identified potential partners, strategies, and legal avenues to pursue relief.

2015 – 2017

University of New Orleans

Instructor – Public Administration

- Teach and develop courses in Non-Profit Leadership, Research Methods, and Cross-Sectoral Collaboration.
- Advise students on Master's projects

2008 – 2015

Natural Hazard Mitigation Association

Founder and Executive Director

- Founded and played a leadership role in creating first professional association for hazard mitigation professionals.
- Organized and hosted National Mitigation Practitioner Workshops in 2010, 2011, 2012, 2013, and 2014. An International Mitigation Practitioner Workshop is currently being developed for 2015.
- Served as Project Manager and Subject Matter Expert for multiple projects and publications, including the Resilient Neighbors Network.
- Delivered conference sessions and workshops, participated on national task forces and committees relevant to hazard mitigation, provided congressional testimony, and represented NHMA on several boards and alliances.

2013 – 2015

JEO Consulting Group

Senior Hazard Mitigation and Emergency Management Planner

- Directly project-managed and/or provided planning and technical subject-matter expertise to DMA 2000-compliant local and state hazard mitigation planning, including state and local jurisdictions and institutions of higher education in Nebraska, Iowa, South Dakota, and New Jersey.
- Conducted training and outreach related to disaster resilience with local officials, community stakeholders, private consultants, and others.
- Expanded the participatory mechanisms in place for local mitigation planning efforts.

2011 - 2012

Save the Children, New Orleans, Louisiana

Program Specialist – Ready and Resilient Communities

- Work in Louisiana and Mississippi as an advocate to ensure that children’s needs are being taken into account in emergencies.
- Respond to disasters across the United States to assist with temporary respite care and restoring child related infrastructure.
- Design and implement various training workshops to child care providers, educators and first responders.

2007 - 2011

James Lee Witt Associates, New Orleans, Louisiana

Senior Hazard Mitigation Planner / Project Manager

- Directly project-managed and/or provided planning and technical subject-matter expertise to DMA 2000-compliant local and state hazard mitigation planning, including state and local jurisdictions and institutions of higher education in Louisiana, Oklahoma, New Jersey, Mississippi, Virginia, Texas and Iowa.
 - PM and Senior Planner for one state hazard mitigation plan, three parish (counties) hazard mitigation plans, three project scoping and plan update projects in Louisiana under a pilot program, and one city.
 - Senior Planner and QA/QC for one state hazard mitigation plan, eight county hazard mitigation plans, one regional hazard mitigation plan, one city hazard mitigation plan, one parish (county) hazard mitigation plan, one college disaster resistant university plan, and three university disaster resistant university plans.
 - SME and QA/QC for three parish hazard mitigation plans, one university plan, one city plan and one state EMAP accreditation.
- Project managed contracts, including: oversight of budgets, timelines, and scopes; client relationships and customer service; staffing and subcontractors; conflict management and overall project risk management (i.e., identification and mitigation of challenges)

- Delivered conference sessions and large project-related presentations, facilitated large and small discussions, and provided executive briefings to top leaders

2007

The Solulent Corporation, New Orleans, Louisiana

Hazard Mitigation Specialist

- Provided information to Road Home applicants regarding hazard mitigation project types

2005-2006

Center for Hazards Assessment, Response and Technology

University of New Orleans, New Orleans, Louisiana

Graduate Research Assistant

- Conducted applied research related to mitigation, community outreach and disaster planning within several Louisiana communities and for the University.
- Performed benefit-cost analyses for the potential retrofitting of university buildings, flood mitigation planning for several suburban New Orleans neighborhoods with a focus on repetitive flood loss properties, identified and implemented outreach projects for the Disaster Resistant University project, and conducted community outreach related to FEMA's Hazard Mitigation Grant Program.
