## To begin: Find the report you would like to run and select it

*Note:* If you do not see any reports when on this screen, please use the Add button to add them

When selecting your report, a reporting dialog box will appear which will allow you to customize the report

On the left, you will find all report areas that can be customized

One area you will always use to specify which fund you'd like to pull information for is the Filter section

To filter by fund, you will navigate here and select Add another filter in the dialog

	Run Save as Cancel		

After selecting **Add another filter**, a new dialog will appear with dropdowns to allow you to select how you would like to filter

When filtering by fund, you will choose *Funds* to Filter by, then choose *Selected* from the Include dropdown

You will then type your fund number and select **Save** 

*Note:* If no fund filter is selected, some reports may combine the data for all funds

After selecting the correct filters for your report and changing any formatting, select **Run** 

When your report is done processing, select **View Report** at the bottom right

To save the report with your selected fund for quick access in the future, simply select **Save As** instead of Run

In a new dialog box, you can change the name of the report and add a description if needed

Please uncheck both boxes shown here. This will ensure no others can change your report parameters

## **Reports to Favorite**

All information you may need can be obtained from the two reports detailed below. Our custom Fund Report will show you a quick summary of total funds available to be used and all fund activity for the fiscal year. The General Ledger Report will give you a full detailed breakdown of all accounts shown on the summary report.

#### **Fund Report - FYxx**

- Shows summary information
- Use this report as a starting point for your fund analysis
- Use this report to quickly determine how much is available to spend from your fund
  - Total Funds Available line
- **Important:** Will need to be recreated each calendar year
- Please keep report dates as-is, but feel free to filter by fund

### **General Ledger Report**

- Shows detail information
- Use this report to further evaluate the accounts shown on the Fund Report
- This report to shows the detail that makes up each account balance
  - Cash
  - Revenue
  - Expenses & Transfers
- Dates can be edited to cover a specific period
- Can be filtered by fund, account code and more

## **Other Reports**

Below are two other reporting options than can be chosen. These reports don't offer anything more than the previous two reports discussed, and can even be somewhat confusing, but they are there if needed. We recommend only using the Fund Report and General Ledger Report for your main reporting needs.

### **Trial Balance Report**

- Shows summary information
- Listing of all fund accounts along with current balance
- Is not organized by financial statement or sections
- Date can be changed to see balances as of a certain date

### **Fund Activity Report**

- Shows detail information
- Only shows expense activity for the period selected
- Dates can be changed to cover selected fiscal year or fiscal periods
