Honors Book Club - 22315 - UH 202 - 001

Reliving the Past Take a step back in time to unearth the past through popular fiction to learn about different decades and bring history alive once more. This class will focus on four popular fiction books, spanning different issues of a decade of the 20th century. Students will vote on what decade and books the class will cover. This class will discuss the books through a historical lens and will focus on issues and influences of the decade that impacted the development of the book and society. Students will also participate in a service-learning project in the form of chronicling local history through a brief, 10-15 minute oral history interview, focusing on the decade of their chosen book. The ultimate goal of the class is to help students have a greater, more realistic understanding of their chosen decade and its influence on our society today.

The Art & Science of Diagnosis Medical diagnosis is an art as well as a science. It requires attention to detail, meticulous information organization, and finding connections in sometimes disparate arenas. Scientists, doctors, and other health workers are often detectives in pursuit of medical answers and optimal health. In the course, we will explore medical mysteries and diagnoses, focusing our discussion around the work of Dr. Lisa Sanders for her NY Times column "Think Like a Doctor" and her book and TV series "Diagnosis."

Honors Study Abroad - 23157 - UH 399 - 001

Course Description: Dr. Teresa Reed and Dr. Mark Sciuchetti co-teach this class, which includes travel to London and Paris, providing students with opportunities to consider relationships between their lives, literature, and space and place. The 8-day trip will take place early May after the Spring 2024 semester is over; all students will receive an Incomplete for the course until they complete their final project based on their experiences in London and Paris. See link for more trip information: <https://the-geography-and-literature-of-london-and-paris-jacksonville.hub.arcgis.com/> This course is merged in canvas with EH399.001, EH569.001, and GY399.001.

University Honors Model Debate Team: Global Issues - 23230 - UH 439 - 001

This section is for undergraduate Honors students. Sophomore level or higher may enroll in the course. The PSC 439 Spring 2024 course is being offered for students want to participate in the Model Arab League (MAL) Debate Team March 15-17, 2024. MAL is a simulation or role-playing exercise in which students represent their assigned country and advocate for policies beneficial to the country or region. JSU has participated in this hands-on learning opportunity since 1999. The course is designed so the delegates can research and practice parliamentary procedures to prepare to represent our assigned country. Contact Dr. Lori Owens at ljowens@jsu.edu for more details and for permission to enroll in the course. Model Arab League information may be found at Model Arab League & Model United Nations - Honors and Special Programs (jsu.edu)
